

Priorities for year 2023/24

- 1 To conduct routine parish business and manage resources responsibly and efficiently to ensure that the parish maintains a good reputation and the residents are served well.
2. To conduct a survey of residents concerning their priorities and wishes for the parish.
3. To continue to improve the flow of information and news to residents including through the use of social media to improve understanding and engagement.
4. Using resources already secured externally, to implement speed reduction measures in areas of housing where traffic speeding has been identified as an issue.
5. To complete the application to the Charity Commission for the new model of governance and management of the Village Hall.
6. Having secured substantial support of external funding , to complete the regeneration of the former SLC part of the Community Hall.
7. To implement the long-term management plan for both the Playing Field and the Village Green.
8. To plan for community events including repeating the successful Christmas celebration on the Village Green.
